

PRO MODEL GOAL LIGHT PRODUCT SPECIFICATIONS

Daktronics Pro Model Hockey Goal Light features a center green light and two rotating red beacons. It comes with a protective glass mounting kit, a 1/4" phone junction box with cable and a goal judge switch with a 10' (3.05 m) cord. The green light turns on when clock time is at 0:00 (or when clock is stopped). Press the goal judge switch to activate the red beacons when a goal is scored, and press it again to turn them off. Note that the red goal lights cannot be activated while the green light is on.

POWER (120 VAC)*	WEIGHT	DIMENSIONS
168 Watts, 1.4 Amps	12.5 lb (5.7 kg)	9.9" H x 2'-6" W x 7" D (251 mm, 762 mm, 178 mm)
