VENUS CONTROL SUITE

REPORTS

Venus Control Suite allows users to run reports that are designed to provide the user with detailed playlist exposure, run time and duration.

REPORTS

- 1. Click **Reports** on the Venus Control Suite menu to open the reports page.
- 2. Click Add New (see figure 1).
- 3. Choose the **Report Type** (see figure 2).
 - Proof of Play report shows thumbnails, exposure (plays), and total duration each file played.
 - Scheduled Content Report provides users with a visual breakdown of what content is scheduled to play on their display. This report is broken down by playlist name and provides detailed information for the dates and hours of play.
- 4. Give the **Report a Name** (see figure 3).
- 5. Choose which **Display** to generate the report from (see figure 3).
- 6. Select Account from drop down box.
- 7. Under Range, enter **Time** and **Date** parameters for the report you wish to generate (see figure 3).
- 8. Click Submit to generate the report.
- 9. Sample Proof of Play Report (see figure 4).
