

DAKSTATS SOCCER INTERFACE PRODUCT SPECIFICATIONS

LED display with individual player stats & headshot

Game clock runs in sync with DakStats

Showcase official game statistics on displays throughout your facility with DakStats® Soccer software and the Daktronics Scoring and Timing Interface (DSTI). As the statistician tracks the game, all the essential statistics update automatically, reducing overall operator requirements to keep fans informed and engaged. Choose from two interface options (DSTI Standard or DSTI Pro) to fit your display needs.

DSTI STANDARD FEATURES

- Interface to All Sport® 5000 controller for game clock timestamps in DakStats Soccer play-by-play mode
- Scoreboard real-time data (RTD) feed for Daktronics message and video displays

DSTI PRO FEATURES

- Each Standard feature above
- Requested team and player RTD feed for Daktronics message and video displays
- TV Feed

COMPUTER REQUIREMENTS

- Windows 10 or higher Operating System
- CPU and RAM must at least be equal to minimum requirements of operating system
- One (1) serial port, or USB-to-Serial converter
- Additional serial ports or networking may be needed based on interface requirements
